

# Winter Newsletter

College of Registered Nurses & Midwives of PEI

## Name Change

A reminder that if you undergo a name change you must let us know. If your last name is changing because of marriage, please send us a photo of your marriage license.

## Available Resources

Our [website](#) has many resources available under the "Professional Practice" tab. It is encouraged for all registrants to review the relevant Practice Directives, Policies, and Guidance Documents. There are also educational opportunities posted under "Education Programs".

In addition to the CRNMPEI website, your liability insurance provider, Canadian Nurses Protective Society (CNPS), has many additional resources. They host webinars and have numerous useful documents.

## New Database Coming

CRNMPEI will be moving to a new database in 2024. We believe that it will make renewal and the continuing competency program simpler to complete and easier to navigate! More information will be provided in the future!

## Registration Numbers

NPs - 117  
General RNs - 2100  
Provisional RNs - 5  
Midwives - 2

## Nurse Burnout

A module regarding Nurse Burnout is available on our [website](#) or [here](#). It was created by 4th year UPEI students.
